Backrest : Plywood, oak veneer, PU finish
Seat, legs : Solid oak, PU finish

Assembly
Assembled
Packed 2 pcs in a box

ID: 120 Dusty blue

ID: 130 Canary

ID: 150 Latte

ID: 160 Charcoal

Product Description

Sometimes it is not necessary to start from scratch, but rather see what happens when you revisit past designs and shine a new light on them. We dug out the classic Windsor chair and transformed it to become our Requin chair - an example of the happy results that can come from recycling.

Care Instruction

We recommend using a ph-neutral soap and water mix to clean them day-to-day. Always ensure furniture is dried completely and that no soap residue remains on the surface. Do not use cleaners or cleaning agents that are abrasive, caustic or acidic such as bleach or ammonia as these may affect the colour of the timber or polyurethane. Avoid excessive damp or humid conditions. Keep out of direct sunlight. For indoor use only.
